## **Notice Regarding Absorption-type Merger (Simplified Merger and Short form Merger) of Wholly Owned Subsidiary**

At a Board of Directors meeting held today, INFRONEER Holdings Inc. (the “Company”) and its wholly owned subsidiary, INFRONEER Digital Solutions Inc. (head office: Chiyoda-ku Tokyo; Representative Director: Takanori Ebara; hereinafter “IDS”), resolved to merge IDS into the Company (hereinafter the “Merger”) as outlined below.

Since the Merger is a simplified short-form absorption-type merger involving a wholly owned subsidiary of the Company, the disclosure of certain items and details has been omitted.

### 1. Purpose of merger

Based on its medium-term management plan “INFRONEER Medium-term Vision 2024,” the Company established IDS in accordance with the policy of working with Accenture Japan Ltd (hereinafter “ACN”) to reform back-office functions (BPR/BPO) across all business divisions.

Under this policy, the Company started the business reforms (BPR/BPO) of MAEDA CORPORATION, a wholly owned subsidiary of the Company, in June 2022 based on the Intelligent Operation Service Agreement, which was entered into between the Company and ACN on April 22, 2022, and the Outsourcing Agreement, which was entered into between ACN and IDS on May 13, 2022 (hereinafter “Subcontracting Agreement”). In August 2025, the target man-hours under the business reforms were successfully achieved, thus accomplishing the purpose of the Subcontracting Agreement.

Accordingly, with IDS having fulfilled its role, the Company reached the decision to dissolve IDS through an absorption-type merger, after careful consideration of the Group’s organizational structure, taking into account the efforts made toward the business reforms, the results thereof, and changes in circumstances to date.
